

## BIPARTISAN POLICY NEEDED: EISENHOWER

### About Town

And Country  
By TIMOTHEUS T.

Your favorite reporter, Tim Turner, is not working this week. I, Bill Melton, am trying to cover his news beats at the court house, city hall and other places and thought I would try to fill a column for him.

Am not exactly sure why he isn't working. Late last week he said he had some vacation time coming and would take off all week. Then he called Saturday morning that he was sick, so he hasn't been around since last Friday. According to Mrs. T. T. she had some work—washing windows etc.—scheduled for him while he was vacationing. Then he began to have aches and pains. Don't know if he is on vacation or on sick leave.

As Tim would say, this is the WE GROW 'EM BIGGER DEPT. James Brantley, 1435 South Granger, brought a big red radish in just recently. It measured eight inches in circumference.

Bring in your big apples, long cucumbers, double eggs and anything of that type. But, if you have a thousand-legged worm, funny looking bug, or long rattlesnake, bring them in next week when Tim has returned. I'm afraid of worms, bugs and snakes.

Once earlier in the year when Tim was off and I was working his beat had some spare time and remembered a businessman friend of mine telling of an old gentleman that checked along the curbs where there are parking meters and had considerable good luck finding stray pennies. Decided I would try to pick up some extra change on Register time and starting at the northwest corner of the square covered eight blocks.

Walked from Vine and Locust to the corner of Locust and Main, then walked north to the Masonic temple, crossed over and walked back south on Main to the square, then a block west on Poplar, across the street and back east on Poplar to Vine. Was about halfway up Vine, walking south when I found a penny.

During that walk, with back bowed and head down, I looked furtively from left to right, front to back. Didn't want anyone to know what I was doing. If I didn't find anything I didn't want to be ridiculed (after all there is such a thing as personal pride) and if I did find something, didn't want everyone to know it (after all things are tough enough without inviting competition). However, I have retired from the field and come to the following conclusions: 1. My eyesight is bad. 2. Times are getting tough and motorists are picking up pennies dropped instead of leaving them. 3. Someone was just ahead of me and cleaned the curb.

When Tim sees what I have done to his column, bet he will think twice, at least, before he depends on me to do his work again.

### Now is Time to Sell Items by Classified Ads

This is the time of year when hunting dogs, guns and gear for the sportsman become vital to the happiness of the hunter of quail and ducks. There has been a tremendous turnover in ownership of Beagles, Brittany and Walker dogs in the Daily Register classifieds.

Two mother dogs with their pups, who had strayed from home, were returned to their owners already this week.

This is seasonal. But, right along Daily Register classifieds continue to sell homes, televisions, used furniture and particularly stoves. Gilbert Butler, Raleigh, who advertised a 17-inch TV and antenna at a bargain, sold it to the first of 25 who came to try to buy it.

Harold Reynolds, Liberty, sold a complete living room suite the first day his three line ads ran.

It is time for those who have Christmas gift merchandise to begin their special classifieds before fireside shoppers spend their money with the dozens of mail order concerns which are flooding the postal boxes.

### 2 Senators See Little Chance Of Compromise

Monroney Says  
Watkins Torpedoes  
Any Prospects

WASHINGTON (AP)—Two senators—a Democrat and a Republican—said today that Sen. Arthur V. Watkins (R-Utah) has swung Senate sentiment against any compromise in the proposed censure of Sen. Joseph R. McCarthy.

Sen. A. S. Mike Monroney (D-Okla.) said Watkins, chairman of the special censure committee, "torpedoes" prospects for a compromise with his speech Tuesday calling for a new censure charge against McCarthy.

Sen. Edward J. Thye (R-Minn.) said he feels prospects for a compromise are more remote than ever. He agreed that Watkins' speech, in which he denounced McCarthy's attacks on the censure committee, was a major factor in turning sentiment against compromise.

Thye and Monroney talked with reporters just before the Senate resumed debate on a resolution to censure McCarthy on two counts. Asked whether he agreed that a compromise is now more remote, Sen. Everett M. Dirksen (R-Ill.) replied, "You never can tell until you try." Dirksen is working behind the scenes for a compromise.

The views of Thye and Monroney conflicted with that of President Pro Tempore Styles Bridges (R-N.H.), who told reporters earlier that he estimates one-third of the Senate now is ready to vote for compromise.

Bridges said his statement was based on discussions among Senate GOP leaders and compromise advocates.

Sen. Wallace F. Bennett recognized the new behind-the-scenes compromise moves but said he still planned to introduce "at the proper time" a new charge against McCarthy. He said he would introduce the motion in "defense of the honor" of Sen. Arthur V. Watkins (R-Utah), his fellow Utahan and chairman of the special censure committee.

Watkins called for the new censure charge Tuesday because McCarthy had called him "cowardly," branded his committee the "unwitting handmaiden" of the Communist party, and referred to the Senate debate as a "lynching bee."

### Coal Officials Believe Slide Has Levelled Off

PITTSBURGH (AP)—"Big" management men of the nation's coal industry said today that the seven-year toboggan slide which has beset their business has levelled off and a trudge uphill started.

A well-tempered note of optimism was sounded here as executives from virtually every major coal producer of the country convened for the 37th annual meeting of the National Coal Assn.

Formal sessions of the convention open this afternoon. However, several groups, including the newly formed "super executives council," held pre-convention huddles.

Coal production in the United States has been hammered down from a record-smashing 630,624,000 tons in 1947 to an estimated 375,000,000 tons this year and the industry has been called "sick."

However, a veteran of more than 40 years in coal operations said Tuesday night "We're rolling off the bottom now, if we just get a little help and consideration."

Al Iof the 28 major coal producing states of the union were represented.

George Harrington, president of the Chicago, Wilmington & Franklin Coal Co., said he believed no other American industry has weathered "such a series of adverse developments in such a short time."

The mine owners conditioned their predictions of "better things" on continued "stabilized" relations with John L. Lewis' United Mine Workers.

**Diagnose Illness as Mild Case of Polio**  
The illness of Rex Presson, 2½-year-old son of Mr. and Mrs. Ned Presson, 1025 South Main street, was definitely diagnosed as polio yesterday at the St. Mary's hospital in East St. Louis.

The attack was described as "mild" but requiring hospitalization for the youngster. He will be in isolation until tomorrow and will remain at the hospital for physiotherapy treatment which is hoped will correct a partial paralysis in the upper legs.

The Song Masters

### Song Masters to Present First of Community Concert Series Sunday

The Song Masters, a new male quartet, will open the community concert season Sunday, Nov. 21, with a performance at the First Presbyterian church in Harrisburg. This presentation is under the auspices of the Harrisburg Community Concert association.

The Song Masters scored a decided hit on their debut North American concert tour last season. The announcement of the quartet's first tour met with immediate and overwhelming response. Eighty cities, from Newfoundland to Puerto Rico, engaged the group. An equally large number has booked them for their second tour, which this season will carry them across the continent and back.

Perhaps one reason for this instantaneous popularity is the wide variety of the repertoire from which the Song Masters choose their program. The four singers know literally hundreds of songs: classics, sacred songs and spirituals, folk songs and Lieder, ballads and sea chanteys, medleys and modern tunes. Their range is from Bach (and even earlier) to Broadway. And many of their arrangements have been especially created for them by some of the foremost song arrangers of the day.

Another reason is the good looks and the easy-going friendliness and charm of the group, both offstage and on. And then there is their attractive brunet pianist who presides at the keyboard to furnish the quartet with a musical background and who takes the spotlight for a solo group of her own.

While the voices of the Song Masters blend to perfection in ensemble singing, so that the effect is that of a single instrument, yet each of the artists has achieved distinction in his own right before they merged their talents to create a quartet.

The Song Masters will be the first in a series of three, the second being held on Feb. 3 in the First Methodist church in Harrisburg at 8:15 p. m. featuring De la Fuente and Stessin. The third concert will also be held in the Methodist church at 8:15 p. m. on March 18 at which time the Angelaires will be presented.

The jury found Barnfield came to his death as the result of injuries suffered when the automobile he was driving collided with a truck. There were three witnesses, Coroner Elmer Gibbons Monday evening.

The jury found Barnfield came to his death as the result of injuries suffered when the automobile he was driving collided with a truck. There were three witnesses, Coroner Elmer Gibbons Monday evening.

The truck had been driven off the highway while the drivers rested. When they attempted to start the truck later it was found that the battery was dead and the truck wouldn't start and there were no lights.

One of the drivers flagged another truck and the stalled vehicle was almost pushed onto the highway, when it was decided it would be easier to complete the job by pulling, instead of pushing.

While this operation was in progress, one driver was trying to stop traffic by waving a flashlight, but Mr. Barnfield apparently didn't see the light and crashed into the back of the stalled truck.

His breast bone was crushed and also had an injury to a lung and the intestines.

He was taken to Harrisburg hospital where he died about 1 p. m. Friday, Nov. 12.

The driver of the stalled truck was fined in police magistrate court the morning of the accident for having a truck on the highway without lights. The driver was Otto Holmes, Flora, Miss.

### John J. Gross, 75, Dies at Home In Carrier Mills

John J. Gross, 75, died at 7:45 p. m. yesterday at his home, 802 North Main, in Carrier Mills.

The funeral will be Thursday at 2 p. m. at the Methodist church in Carrier Mills. Rev. E. M. Dyckus, assisted by the church pastor, Rev. H. R. Herrin, will officiate, and burial will be in No. 7 cemetery.

The body will be taken late today to the family residence from the Thornton funeral home.

He is survived by his wife, Orpha; two daughters, Miss Thelma Gross, Anna, Mrs. Lennie Brakfield, Belleville; a half brother, George Henson, Carrier Mills, and three grandsons.

The choir of the church will sing, and the Wesley Bible class will serve as flower bearers. Pallbearers will be Charlie Graves, Joyce Martin, Lee Carney, Ed Kaster, Hillis Matthews, and Harry Fife.

Members of the I. O. O. F. will meet at 1 p. m. at the lodge hall to go in a group to the funeral of Mr. Gross.

### Descendants of Lawyers Invited to Marker Dedication

The Saline county descendants of lawyers who practiced law at the same time as the two Ingersoll brothers are to be specially invited to guest at the dedication of the Ingersoll law office marker at Raleigh, on Saturday afternoon, Nov. 20.

So far as is known, only two of these lawyers have descendants living in Saline county at this time. Wm. H. Parish was one of the lawyers and at present there is living here Maude Parish Dooley, and Lorene Parish Reitz, granddaughters, and Frank P. Parker, great-grandson. Will Parish, a grandson, now resides in California, and Claude Parish, deceased, has a daughter living in Danville.

Frank P. Parker Jr., a great-grandson, and Anna Marie Coleman, a great-granddaughter, also reside here.

The other contemporaneous lawyer was Wm. M. Christy, and his descendants living in this county are George Hensley, Marie Hensley, and Edythe Hensley Parker, granddaughters. Another granddaughter, Mary Louise, resides in California.

The marker designating the site of the Ingersoll law office has been furnished by the Illinois State Historical society, and is the first historical marker to be erected in Saline county.

No judge of the circuit court lived in Saline county at that time, and the county court was conducted by the three commissioners, none of whom were lawyers.

The principal address at the dedication will be made by Earle Benjamin Searcy, clerk of the Supreme Court of Illinois, who is an eloquent speaker and a student of Illinois history.

**Bride of Five Weeks Killed in Crash; Husband is Injured**

ALTON, Ill. (AP)—Mrs. Mary Lou Yates, 19, a bride of five weeks, was killed and her husband was injured in a traffic accident on Ill. 100 north of here Tuesday night.

Illinois highway patrolmen said a car driven by Olin Yates, 20, collided with another driven by Mrs. Mary Kirsche, 56, of Godfrey, Ill.

### Tax Objections Filed in County Total \$90,000

Will Be Subject To Hearing In County Court

Objections to taxes collected for various taxing bodies in Saline county, amounting to approximately \$90,000, were filed during the taxpaying season, and will be subject to a hearing in County court.

The hearing is usually held in December, at the end of the tax collection period, and therefore will come before incoming County Judge Trafton Dennis.

Objections were filed by 36 taxpayers this year, including the railroads, larger corporations and some individuals.

Objections were made for various reasons, but all the objectors filed against three county levies—the highway patrol levy of two cents per \$100 assessed valuation, the county election and registration levy of two cents and the county veterans' assistance levy of two cents.

These three levies are authorized by state law, but are subject to a referendum, and none was held.

**Held Up Protested Amounts**

Where there is no objection on the part of the taxpayer, taxes as collected are legal, regardless of the legality of the levies by taxing bodies.

The New York Central railroad, one of the typical corporation objectors, filed objections to 58 different rates on a possible 150-odd. Objections were to levies in various parts of the county, running from one-tenth of a cent to two cents. Some objects were on the basis that levies were illegal, as in the case of the three county levies mentioned, some on the basis that the rates levied exceeded legal limits.

When taxes are paid under protest, the county treasurer holds up the amount objected to, distributing the remainder. County Treasurer Paul Hilliard stated the amount distributed is not affected materially, however, since there are always some objections, and the objections over-ruled last December were distributed this year to offset the objections to this year's taxes, which will be distributed by incoming Treasurer Maynard Cannon if they are over-ruled.

**Indicate Russia May Set Up East Europe Alliance**

MOSCOW (AP)—There were increasing signs today the Soviet Union was preparing to set up a defense alliance of East European nations to counteract NATO.

Diplomatic sources said the Soviet was expected to call a conference of East European nations here Nov. 29 if the Western nations reject the Kremlin's invitation to an all-European security conference as expected.

Communist broadcasts from Prague, Warsaw, Budapest and Bucharest said the satellite nations of Czechoslovakia, Poland, Hungary, and Rumania already had agreed to send delegates to the Soviet-proposed conference.

It developed in discussion, however, that an agreement apparently was made between the state, Chicago and Cook County covering this program when it was started in 1951 and commission members expressed doubt about whether it should be severed now.

The commission heard 1955-57 budget requests from four state agencies—the Supreme Court clerk's office, Historical Library, Legislative Reference Bureau and Liquor Control Commission. The commission approved a total of \$1,216,766 for the four, \$20,570 less than they asked.

### Educating Mentally Retarded is Problem Of Everyone, Graham Tells Kiwanians

The problem of educating the mentally handicapped children belongs to everyone in the community, Ray Graham of the Illinois State Department of Education told members of the Kiwanis club last night at the Masonic temple.

Present to hear the address were several interested persons who attended the meeting.

Mr. Graham pointed out that the child is the most important thing in the world and that the family is the most important unit of society. One of the major problems of education is to contribute to better family life and there is no one who should say what child should receive an education and which child should not.

The mentally retarded child comes from all types of families and Mr. Graham urged civic club members, business men, teachers, churches, to all help these families meet the problem of raising these children to take a part in their sphere of the community.

"The American way is to take hold of a problem and work on it to see what can be done," he said.

He pointed to the work being done in Illinois to help the mentally handicapped children. Illinois institutions are the finest in the land, he said, but they are overcrowded and the answer is not

### Hungary Releases Noel and Herta Field; Fourth of Family to Be Freed by Reds

BUDAPEST, Hungary (AP)—The Communists today wrote a new chapter in the stranger-than-fiction mystery of the peaceable disappearance of four members of the American Field family behind the Iron Curtain.

The Hungarian government informed the U. S. Minister Christian Ravandall that it has released, from five years of "unjust imprisonment," Noel and Herta Field.

Red Poland released Hermann Field, Noel's brother, last month under remarkably similar circumstances. Only one member of the family remains unaccounted for. She is Mrs. Robert Wallach, Noel Field's adopted daughter.

But all the mystery has not yet been lifted from the story of Noel

and Herta Field. The present whereabouts of the couple still is unknown. And neither they nor Hermann have yet told their version of their disappearances, imprisonment and final release.

The U. S. legation here asked the Hungarian Foreign Ministry where the Fields might be contacted. Apparently the question was unanswered.

The Foreign Ministry told Western newsmen it "would consider" their request for information on the whereabouts of the freed couple.

Noel Field, graduate of Harvard and Moscow universities and his German-born wife, Herta, both 50, disappeared in East Europe five years ago and their fate had been a mystery until Tuesday night's Communist announcement of their release.

**Family Vanishing Act**

Noel's disappearance behind the Iron Curtain touched off a bizarre family vanishing act that saw his brother, Hermann, 44, and Noel's adopted daughter, Erika, 31, follow him and his wife into a cold war void.

The full story of the Fields' disappearance may never be known. It is a story of charges of Communist espionage and counter-espionage overlaid with secrecy. It was one of the most curious intrigues of the cold war.

The story began in May, 1949, when Noel Field, 50, member of a wealthy Quaker family and a State Department expert on Eastern Europe, left his wife in Switzerland and went to Prague. It was the last news the free world heard of him until today.

His background was searched. Such persons as Whitaker Chambers, a former Communist, said Noel was involved with Communist groups in Washington. But Communist radios in East Europe denounced him as an American spy. He was mentioned in the purge trials of Communist leaders in East Europe.

Hermann, a Harvard-educated architect of Cleveland, Ohio, and Herta, were last heard of in August, 1949. Hermann took her to Prague and flew on to Warsaw. Both vanished.

Noel Field's adopted daughter, Erika, began a search for her foster parents. She got as far as Berlin's Tempelhof Airport. She, too, vanished. Her husband, Robert Wallach, now in Washington D. C., has received letters from her saying she has been sent to Siberia.

### Carpentier to Probe Mishap To Automobile

SPRINGFIELD (AP)—Secretary of State Charles F. Carpentier today reported he has launched an investigation of a freakish accident involving his 1954 car in East Moline Friday.

Carpentier said he didn't know whether his car might have been "sabotaged" but the mishap was so unusual that no possibility was being overlooked.

The secretary and his driver, Bernard Krueger, Springfield, were in the car moving about 20 m. p. h. when the whole front end suspension dropped.

Taps had dropped off four main bolts supporting the suspension and the bolts gave way.

"I've driven cars for 42 years and I've never had that happen, nor have I known it to happen," Carpentier told a reporter.

"If we'd been going any speed on the highway the car would have overturned, without any question," he said.

Carpentier said he didn't know whether elements who oppose his patronage policies, or his efforts to break a driver license selling racket, could have been to blame.

However, he said some of his employees had received threatening letters and in one instance, a bullet was fired into an employee's unoccupied auto, apparently as a warning.

### 8 Area Highway Deaths in October

DU QUOIN, Ill. (AP)—Southern Illinois' eight highway fatalities in October resulted from three accidents in three counties, Illinois State Police District 13 reported today.

Four persons were killed in a Saline County collision, three died in Union County and one in Hamilton.

The fatality total was four less than October, 1953, but three more than September, 1954.

State police investigated 121 accidents in the 17 counties of the district last month. One hundred and four persons were injured and property damage resulted in 63 collisions.

### Confers with Republican and Demo Leaders

Cooperative Spirit Shown at Meeting, Hagerty Reports

WASHINGTON (AP)—President Eisenhower told Democratic and Republican congressional leaders today it is "essential" to maintain a bipartisan approach to foreign policy and national defense regardless of which political party controls Congress.

The White House said he made the statement at a two hour and 15 minute conference with legislative leaders of both parties.

White House Press Secretary James C. Hagerty said in response to questions that the meeting was characterized by a "cooperative" spirit.

He said the foreign policy speech made by Senate Majority Leader William F. Knowland earlier this week was not brought up during the conference. Knowland asked for a sweeping review of U. S. policies to meet the danger that Russia's talk of "peaceful co-existence" is a trap.

Mr. Eisenhower and Secretary of State John Foster Dulles urged the legislative leaders to give early consideration at the next session of Congress to the Far East defense pact and the new agreements to free and rearm West Germany.

A White House statement on the conference said Mr. Eisenhower told the leaders that prompt ratification of these treaties "would greatly strengthen the defenses of the free world against Communist aggression."

The statement disclosed that the general discussion included comments by the President, Dulles and Defense Secretary Charles E. Wilson on past and future defense plans.

The "security and defense plans of our country" were taken up, and "the steps we have taken and propose to take to strengthen the armed forces of our friends and allies throughout the world," the statement said.

### Driving Tests Thursday for Galatia Students

Students at Galatia Community high school will have an opportunity at 2 p. m. Thursday to see for themselves the false impression and sense of security that a driver of a modern automobile gets, can and does, after heading into the danger zone and trouble, when they participate in a series of driving tests. Raymond Gardner, principal, announced today.

Tests will be in two parts which will be given under the direction of the Director of Safety of the Country Mutual Casualty Co. First section will be a lecture in the high school auditorium and the second a demonstration on the street in front of the school.

The directors will also demonstrate the correct and incorrect driving habits. High point of the driving tests are made with various students and faculty members in the specially equipped cars. An electric detonator which is mounted on the front bumper of the car will fire yellow paint bullets to indicate the distance required to stop the car in an emergency.

The driver being tested will be signalled to stop by the report of the first shell. The second will be fired automatically when the brake is applied and the third when the car halts. Distances between the spots of paint will then be measured to determine the reaction in breaking distance. Tests will be limited to 20, 30 and 40-mile per hour speeds because of the danger in making emergency stops at higher speeds.

Police officers will be used as drivers in the high speed tests. As part of a program for safety on the highways the Country Mutual Casualty company is presenting this driving demonstration and tests before high schools of this state.

The program is being brought to Galatia under the sponsorship of the school's student council. The public is invited to attend both the lecture and the tests.

## Record Business Boom Predicted by Gov't Economists

WASHINGTON (AP)—Government  
economists said today there will  
be a business boom in 1955 which  
may rank second to 1953's record  
peak.

The economists said a large fac-  
tor in the expected boom will be  
a new record in both private and  
public building. They predicted new  
construction will hit 39 1/2 billion  
dollars, compared with this year's  
expected record of 37 billion dol-  
lars.

The government also reported  
that corporations which publish  
dividend statements paid out seven  
billion dollars in cash to their  
stockholders during the first 10  
months of this year, 500 million  
dollars more than in the same pe-  
riod of 1953.

Overall dividend payments, in-  
cluding non-reporting firms, were  
believed to total about 10 1/2 billion  
dollars for the 10-month period.

## Boy Finds Bodies Of Father, Mother

ROCKFORD, Ill. (AP)—A 16-  
year-old boy found the bodies of  
his mother and father, asphyxiated  
by fumes from an unvented heater,  
in a building which has father was  
converting from a garage into a  
home.

## Nation to Seek Safe Driving Record Dec. 15

By United Press

The nation geared today to set  
all all-time safety record—a day  
without a traffic accident any-  
where in the country.

That is the goal of S.D. Day, a  
24-hour period next Dec. 15 de-  
dicated to safe driving.

Considering that there were 10  
million traffic accidents in the  
country last year, safety experts  
felt the goal probably would be  
unattainable. But they hastened to  
add that they want everybody to try.

President Eisenhower, in an-  
nouncing the Dec. 15 drive late  
Tuesday, said "No endeavor could  
be more worthy of our universal  
cooperation." He called on every  
American to:

1. Follow common sense rules of  
good sportsmanship and courtesy.
2. Obey traffic regulations.
3. Resolve to stay alert and  
careful.

"If every one of us will do these  
three things, Safe Driving Day can  
be a day without a traffic accident

in all America," Mr. Eisenhower  
said.

The drive is sponsored by the  
President's Action Committee for  
Traffic Safety. Mr. Eisenhower  
said S.D. Day will be proclaimed  
through the country by governors,  
mayors and county officials.

Gov. Robert F. Kennon of Louisi-  
ana, chairman of the Governors  
Conference, requested all govern-  
ors to appoint a state S.D. Day  
director.

## SIU Freshman Wins First in Farm Youth Talk Meet

CHICAGO (AP)—Bill Hull, 18,  
Carbondale, defeated a field of 13  
contestants Tuesday to win first  
place in the 1954 Illinois Farm  
Youth Talk meet, held in conjunc-  
tion with the 40th meeting of the  
Illinois Agricultural Assn.

Hull, a freshman at Southern  
Illinois University, is now eligible  
to participate in the National Farm  
Youth Talk meet in New York next  
month.

First alternate to the national  
meet is Colleen Nichols, Pontiac.  
James Runyan, Delavan, was named  
second alternate.

Four other contestants received  
"A" ratings. They were: Merlin  
Karloek, Mokence; Mary Mossman,  
Ridgway; Mary Polezinski, Nash-  
ville; and Vera Dahlgren, Wood-  
stock.

## U. S. Sends Second Warning to Russia On Attacking Planes

WASHINGTON (AP)—The United  
States told Russia today that unless  
it takes steps to prevent any fur-  
ther attacks on U. S. planes flying  
in the Japan area this government  
will be forced "to provide the nec-  
essary defensive protection" for  
such planes.

The warning was contained in a  
second U. S. note to Moscow pro-  
testing against the shooting down  
of a B-29 photographing planes in the  
Hokkaido area of Japan by two  
Soviet MIG fighters on Nov. 7. Ten  
crew members of the B-29 para-  
chuted to safety but the 11th was  
killed.

President Eisenhower told his  
news conference last week that  
fighter protection would be given  
to larger American craft when they  
are on what he called proper mis-  
sions in risky areas.

Name this tasty  
MILNOT recipe and

# WIN A YEAR'S PAY!

## MILNOT No-Cook Chocolate Pie

2 cups chilled MILNOT 2 tablespoons sugar  
1 package instant pudding 1/2 teaspoon vanilla  
mix\* (chocolate flavor) 1 nine-inch baked pastry  
1/2 cup chilled MILNOT shell.  
(for topping)  
Pour MILNOT into deep mixing bowl. Add instant pud-  
ding mix. Beat with rotary beater or electric mixer  
until smooth. Pour into shell. Chill at least 1  
hour. Just before serving whip 1/2 cup chilled MILNOT  
until stiff; beat in sugar and vanilla. Spread over top  
of pie. Garnish with chocolate curls, coconut, chopped  
nuts, or any way you wish. Serve immediately. 6 to 8  
servings.  
\*Use an instant pudding mix requiring 2 cups liquid.

1st PRIZE... A year's pay\*  
(an amount equal to what you [or your  
husband or wife, whichever is greater]  
earned in 1953).

2nd PRIZE... An exciting Nash  
Metropolitan car—choice of convert-  
ible or hard-top—with radio and condi-  
tioned air system. Worth \$1632.95!

3rd PRIZE... A magnificent Mo-  
torola Color TV set, with a 19-inch  
screen (receives black and white also).  
Worth \$895.00! The set will be installed  
without cost to the winner.

4th PRIZE... A de luxe Maytag  
Automatic Washer and matching  
Maytag Automatic Dryer! Worth \$554.90!  
Installation included!

100 FIFTH PRIZES... Each  
an 8mm Bell & Howell Movie Cam-  
era!

\*For the purposes of this contest, "one year's  
pay" shall be construed to be the 1953 gross  
taxable income of the winner, not to exceed,  
however, the maximum of \$10,000.00, but in  
no event less than \$3,500.00, whether the win-  
ner had any taxable income or not for 1953.  
Satisfactory proof of 1953 gross taxable income  
over \$3,500.00 shall be required.

**TO OBSERVE GOLDEN WEDDING ANNIVERSARY WITH OPEN HOUSE**—Mr. and Mrs. Willie Sonheaver will celebrate their golden wedding anniversary Sunday, Nov. 21, with open house at the home of their son-in-law and daughter, Mr. and Mrs. John Gwin, 1204 South Ledford, from 2 p. m. to 6 p. m. Mr. and Mrs. Sonheaver were married in Saline county in 1904 and have three children: Mrs. John (Josephine) Gwin, Harrisburg, Mrs. Muriel Carnett of Herod and Lowell Sonheaver of Detroit, Mich. Friends are cordially invited to attend this occasion.

### McKinley Baptist Jolly Workers Meet

The Jolly Workers Sunday school class of the McKinley Avenue Baptist church met at the home of the teacher, Mrs. Ernestine Brinkley, for the regular monthly social.

Sharmaine Rice presided over the business session during which time roll call was answered by a Bible name. Plans of the next meeting which will be a Christmas party at the home of Dorothy Winkelman were discussed.

Games were played and prizes given to Judy Estes and Fayetta Oglesby.

One visitor was present, Norma Butler.

Mrs. Myrtle Bryant recently sold her home at 715 West South street, and bought the Chas. Dewey property at 107 East Gaskins street, which she has occupied since Oct. 30. Last Sunday her son and his wife, Mr. and Mrs. Guthrie Bryant and son, Richard, Effingham, came to visit her in her new home. The Deweys moved to an apartment over Ebb's Shoe store on South Vine street.

Mrs. Noah Givens returned last week end from Princeton, Ind., where she had been visiting Mr. and Mrs. Carl Weir and Joe Daventport.

### New Officers Elected By Harrisburg Chapter Order of Eastern Star

Election of new officers for Harrisburg chapter No. 671, Order of the Eastern Star, was held Thursday, Nov. 11, at the regular meeting of that organization. Election results were: Mrs. W. W. Damron, worthy matron; E. Bishop Hill, worthy patron; Mrs. William Douglas, associate matron; William Douglas, associate patron; Mrs. W. A. Plumlee, secretary; Miss Mary Richardson, treasurer; Mrs. Noble Shaw, conductress; Mrs. G. B. Wiley, associate conductress. Edward L. Heister was reelected as representative of the Star on the Masonic temple board.

The retiring worthy matron, Mrs. Wendell Bramlet, gave an excellent report of her year, which was profitable financially and fraternally.

Prior to the chapter's business meeting, a delicious dinner was served to Mrs. Bramlet and her officers in the dining room of the temple. The dinner table was beautifully set with silver and green, with the centerpiece of yellow chrysanthemums and tall green tapers. Besides the regular officers, Mrs. Ralph Woolard and Wendell Bramlet were especially invited guests.

Mrs. Damron plans to have a public installation of her officers on the evening of Dec. 9. Her full corps of officers will be published near the date of installation.

Mrs. Joe Harris had as guests at dinner Sunday the following: Mr. and Mrs. John Hutton, Mrs. Frank Maynard, Mr. and Mrs. Noah Givens, Mrs. Sybil Lasseter, and Logan Bishop, the latter from Raleigh. She was assisted by her daughter, Mrs. Nova Hawk, in entertaining the group.

Notice of Sale of Real Estate for Taxes or Special Assessments; and Notice of Filing Petition for Order to Issue Tax Deed

TO: The Unknown heirs of W. H. Davis, deceased, and all Unknown Owners or Parties Interested in the real estate hereinafter described.

You and each of you are hereby notified that on the 20th day of October, 1952, the County Court of Saline County, Illinois entered a judgment and order of sale (in Case No. 461-A) upon delinquent lands and lots, and fixed the correct amount of tax paid under protest in the County of Saline and State of Illinois for the year 1951; that the undersigned, as purchaser or assignee of the purchaser, on the 20th day of October, 1952, at the sale ordered in said proceedings which sale was held by the County Collector of said County on the day aforesaid at the Court House in the City of Harrisburg, in the County of Saline, and State of Illinois, purchased said delinquent land and lots for the taxes, interest, penalties and costs due and unpaid for the year 1951; And that such delinquent lands and lots so purchased are more particularly described as follows:

Lot Two (2), Block Fifteen (15) in G. H. Morris' Third Subdivision in the Village of Morrisville, now in the City of Harrisburg, situated in the County of Saline, in the State of Illinois.

Such real estate so purchased was last taxed in the name of J. Earl Crabb. The extended time for redemption of said real estate will expire on the 1st day of April, 1955.

On the 9th day of November, 1954, the undersigned filed a petition in the County Court of Saline County, Illinois in the same proceeding in which the aforesaid judgment and order of sale was entered. Said petition prays that the court enter an order directing the County Clerk to issue a tax deed to the undersigned if the real estate shall not be redeemed from the sale; And the undersigned intends to make an application to the court on the 4th day of April, 1955, at the hour of 9 A. M. for an order on said petition that a deed issue to the undersigned if the real estate shall not be redeemed from the sale.

These private demonstrations  
will be held at the Horning Hotel  
on Thursday only, November 18,  
12 noon to 9 p. m.

OKLAHOMA CITY — November  
9—In an interview here today Wil-  
liam Keele, internationally famous  
trichologist and president of the  
Keele Hair and Scalp Specialists,  
Inc., said, "There are 18 different  
scalp disorders that cause most  
men and women to lose hair. Us-  
ing common sense, a person must  
realize no one tonic or so called  
cure-all could correct all the dis-  
orders," he explained.

"However, before its flexible  
price support program can be ex-  
pected to work properly, we must  
find a way to dispose of the sur-  
plus government-owned stocks of  
surplus farm commodities," he said.

"The large stocks will result in  
trouble for the producers of these  
commodities at some future time,"  
he warned.

"An important consideration,"  
Shuman said, "is to make sure  
these stocks are not replaced by  
new supplies as fast as storage  
bins are emptied."

The IAA president said the gov-  
ernment-held stocks of farm com-  
modities should be reduced and  
eventually eliminated by an ag-  
gressive sales program, both at  
home and abroad.

Shuman also urged a new type  
of farm program that would give  
each farmer a soil conservation  
allotment.

The plan, he said, would require  
a certain percentage of the culti-  
vated land of each farm to be  
placed in soil conserving crops or  
practices. A farmer would be free  
to choose the crops he wished to  
produce on the rest of his culti-  
vated acreage.

# Air Force Opens Recruiting Station In the Court House

M-Sgt. Peter F. Demediuk

The Air Force has opened a re-  
cruiting station in Harrisburg with  
the main office in the court house.  
M-Sgt. Peter F. Demediuk is the  
recruiter in charge of the local  
office.  
He is prepared to provide infor-  
mation about the 300 specialized  
training courses offered by the Air  
Force to officers and airmen.  
Young men and women who are in-  
terested in filling jobs open in the  
Air Force are urged to complete  
at least a high school education  
before enlisting.  
Sgt. Demediuk has spent better  
than eight of his 12 years of ser-  
vice in overseas areas with visits  
to such places as Moscow, Russia,  
Ankara, Turkey, Cairo, Egypt, To-  
kyo, Japan, and in Honolulu.

# Stevenson's Son Admits Arrest For Speeding

CHICAGO (AP)—Adlai E. Steven-  
son's son, Borden, says he was ar-  
rested for speeding in Washington,  
D. C., because he was in a hurry  
to get back to Chicago and enter  
the Army today.

Borden Stevenson, 22, told a hec-  
tic story of his last days of civilian  
life as he reported for induction.  
Borden showed up as scheduled  
at the Chicago Induction Center  
and began going through the pro-  
cessing mill which probably will  
make him a private basic trainee  
in the U. S. Army by tonight.

If he passes the physical and  
mental examinations, he will be  
sworn into the Armed Services  
about 3 p. m., and then he placed  
aboard a train to the reception  
center at Camp Chaffee, Ark.

The confusion started Tuesday  
when Washington police reported  
they had arrested a young man  
who identified himself as "Borden  
Stevenson, Executive Mansion,  
Springfield, Ill."

Chicago newsmen called the  
home of Adlai Stevenson's divorced  
wife, Mrs. Ellen Borden Stevenson,  
to discover whether the Washing-  
ton speeder was her son.

Mrs. Stevenson looked in her  
son's bedroom and reported he was  
fast asleep.

She said she couldn't see how  
Borden could have been arrested  
in Washington on the same day  
and added "it's his last chance to  
sleep—he reports for induction to-  
morrow."

Borden himself cleared up the  
confusion Tuesday night.

# Italian Refugee Wins AEC Award

WASHINGTON (AP)—Dr. Enrico  
Fermi, the Italian refugee physi-  
cist who helped this country win  
the race to develop the atom  
bomb, was awarded the Atomic  
Energy Commission's first \$25,000  
"special award." AEC Chairman  
Lewis Strauss said in announcing  
the award Tuesday that Fermi "as

# Oil Consumption Reduced 45% with Trop-Artic

# THE FIRST!

Highest standard ever  
established for automo-  
bile motor oil is the  
Mil-O-2104 Supplement  
1 test. New Phillips 66  
Trop-Artic is the first  
all-weather motor oil  
to prove it meets the re-  
quirements of this test.

If your car has been using oil, and if you  
could reduce this consumption of oil by as  
much as 15 to 45 per cent, it would be  
worth a great deal to you, wouldn't it?

Today the good news is that you can do  
it. It's been proved you can do it by chang-  
ing from ordinary winter oil to new Phillips  
66 Trop-Artic All-Weather Motor Oil.

Not only does Trop-Artic reduce oil  
consumption . . . it can reduce engine wear  
40% or more. It keeps pistons and piston  
rings cleaner. New Trop-Artic oil can  
even double the life of an automobile engine!  
And it increases gasoline mileage.

Trop-Artic is a superior all-weather oil  
... S.A.E. 10W-30. Any car, in any climate,  
at any time of the year, will perform better

with Phillips 66 Trop-Artic Motor Oil.

BETTER, CLEANER GASOLINE  
PHILLIPS 66 FLITE-FUEL

Phillips 66 FLITE-FUEL is the new gasoline  
—the only gasoline to which is added the  
super aviation component Di-isopropyl.

FLITE-FUEL gives you increased power,  
higher anti-knock quality and greater fuel  
economy. You get all the special benefits of  
famous controlled volatility plus the clean  
burning qualities resulting from the use of  
natural and aviation gasoline components.

FLITE-FUEL and Trop-Artic go together  
for better engine performance.

## Shawneetown Trips Ridgway for Third Straight; Equality Loses to Pope Co.

Power-laden Shawneetown clashed head-on with longtime rival Ridgway high last night in the Indian wigwam and shot down the courageous but overpowered Eagles, 74-57, in a hard fought contest. It was the third straight victory for Barney Genisio's crew.

In another Greater Egyptian conference tussle, Pope Co.'s Pirates handed Equality its fifth straight defeat, 69-58.

Despite Shawneetown's 17-point victory margin, the game was much more of a battle than the score indicated. Ridgway played the taller and more experienced Indians on even terms throughout the second and third periods but was no match for the Shawnees in the first and fourth.

Newsom Leads Scoring  
Shawneetown played without the services of veteran Bobby Spottsville who sustained a badly bruised knee in the Vienna game. Garrison Newsom, with his unstoppable leaping fade-away corner shot, and rangy Jack Nolen led the Indian offensive. Newsom stuffed in 29 tallies. Nolen 27.

Ridgway, playing a slow, deliberate game, held the Shawnees in check for half the opening period then Newsom dunked a couple to spark an attack that brought a 16-8 quarter edge. Ridgway outscored their opponents 18-17 in the second period to wind up at halftime trailing only 33-26.

A rally early in the third brought the scrappy Eagles within three points of Shawneetown and with only two and a half minutes remaining in the session, Ridgway trailed but four points. The Indians held a 48-40 lead as the period ended.

Nolen caught fire in the fourth as the tempo of the game quickened, and the tall cager collected 16 of his 27 points in that period. Shawneetown scored 26 points to Ridgway's 17 in the fast and furious finish.

### Equality Trails Early

The Indians shot 63 times from the court, connecting on 27 for a 428. Ridgway made 23 of 58 for a .396. At the foul line, Shawneetown dropped in 20 of 34, Ridgway 11 of 23.

Equality found the Pope Co. Pirates tough to handle on the Pirates' home court. Trailing 17-10 at the quarter and 39-24 at the half, the Cardinals fashioned a rally in the third but could not close the gap. They were behind 52-42 entering the final canto.

The Cards continued to put up a stiff fight in the fourth but were unable to slice the Pirate margin. Wooley was high man for the game with 27 points.

Equality was playing without the services of regular Ray Crayne.

Shawneetown—Nolen 27, Drone 2, Ellis 0, Joyner 10, Newsom 29, Crane 0, Gunzel 6, Ridgway—P. Drone 12, Crayne 6, Abel 8, Downen 0, Barter 19, D. Drone 12.

Equality—Milligan 2, Glover 3, Teegarden 4, Joyner 5, Kaufmann 14, Wooley 27, Porter 1, Woods 2, Pope Co.—Green 8, Burgess 13, Walker 15, Holland 19, Davis 2, Roper 10, Joiner 2.

## DeMarco Meets Carter in Title Fight Tonight

SAN FRANCISCO (AP)—Paddy DeMarco puts his world lightweight crown on the block for the first time tonight when he gives former champion Jimmy Carter a shot at it in a 15-round nationally televised bout in the San Francisco Cow Palace.

The odds favor Carter at 11-5 to regain the title for the second time, with about 7,000 fans paying nearly \$40,000 to watch the battle.

The two fighters, pound-for-pound rated the slickest boxers in the business, both are confident of victory, with Carter claiming he'll score a knock-out, sometime after the 10th round. However, neither man is noted for his prowess as a knocker-out. Carter has 26 kayoes in 93 fights. DeMarco only seven in 81.

Carter has held the title off-and-on since first winning it from Ike Williams in 1951. He probably is the most "inconsistent" champion in history—with a record of always winning the second time around against any foe he lost to the first time.

He lost the crown to Lauro Salas in May, 1952, regained it from him in October of the same year. He also lost to Art Aragon in 1951 in a non-title go, then won when the title was at stake the same year from the same man. He lost in 1953 to Armand Savoie in a non-title go, then knocked Savoie out in the fifth round in a title bout. So, if history repeats itself, he should win over DeMarco.

## Unbeaten Galatia Grade Five Plays At Muddy Friday

Galatia's grade school cage team—unbeaten in its first four games of the season—will play Muddy Friday evening on the latter's court. The club has already posted victories over Muddy, Dorrisville, Carrier Mills and Broughton thus far this year.

Members of the team are Larry Jones, John Williams, Virile Beers, Gary Hill, Keith Martin, Wendell Pickering, Larry Lewis, Robert Keyett, Howard Gee and Paul Phelps.

Remaining games on the schedule are:

Nov. 19—Muddy, there  
Nov. 22—Broughton, there  
Dec. 2—Dorrisville, here  
Dec. 9—Thompsonville, here  
Dec. 15—Raleigh, there  
Jan. 5—Raleigh, here  
Jan. 13—Carrier Mills, there  
Jan. 19—Thompsonville, there  
The team will compete in the conference tournament the last week in January.

GALATIA'S 1954-55 BEARCATS will open their season Friday night by entertaining powerful Shawneetown. Members of this year's Galatia squad are: (Front row, left to right)—Ronnie Gray, John Tate, Capt. Glenn Clarida, Lawrence Imboden and Larry Manker. (Back row, left to right)—Gene McFarland, Elbert Cantrell, Kenny Clark, Dale Tate, Dave Knight and Coach Sammy Miranda. (Register Staff Photo)

## Looking AT Sports

By BILL MELTON

Picked up some information regarding John Romonosky, Harrisburg professional baseballer, now playing in Mexico. John wrote to Bob Walker, sports announcer on WSL-TV and Bob was kind enough to pass it along to me and I will pass it on to you. That makes you getting it third-handed. Hope the one getting it second-handed remembers what Walker said.

First, John is now a husband, as it was announced recently in The Daily Register. He was recently married to the former Miss Jean Jones of Columbus. They met while he was a member of the Columbus Red Birds in the American Association.

Romonosky is pitching for Guadalajara (Bob Walker can pronounce it) in the Mexican league and at the time of his letter the team was fourth in the six-team league. Last Sunday John pitched a 12-1 victory over Mazatlan. Other teams in the circuit are Humo-sillo, Navajoa, Oregon and Culiacan.

"Play Ball" time in the Mexican league is 3:45 p. m. and there is much interest with crowds averaging from 8,000 to 10,000. John said he thought the fans were swell but they had one habit he couldn't get used to. They throw fireworks onto the playing field!

The league has games scheduled only four days a week—Thursday, Friday, Saturday and Sunday. Guess the players need the other three days for rest as he mentioned the team was getting ready to make a 1,500 mile road trip by bus.

League rules restrict each roster to not more than six American players. Among the big leaguers John mentioned were Gene Bearden, Nippy Jones, Luke Easter and Mel Queen. All familiar names to baseball fans.

Regarding the cost of living, John said steaks were 30 cents, bananas 8 cents a dozen, a car wash and grease job was 50 cents. Think I will move to Guadalajara. Could learn to pronounce it with 30 cent steak.

John also likes the weather in Mexico. Said the day temperature averaged 70-80 and night time 50-60.

He is under contract to Houston of the Texas league, a Cardinal farm club, and plans to return to the states with the opening of the spring training season.

When Carrier Mills walloped Rosiclare Saturday night, 66-47, on the Carrier Mills' floor, it marked the 30th consecutive home victory for the Wildcats. It will be three more weeks before Carrier Mills again performs on its home court. Next home game is listed for Tuesday, Dec. 7, with Cave-in-Rock the caller.

Dick Lehr, former CM cage coach, now at Bridgeport, was among the many present for the Carrier Mills homecoming game Saturday. Lehr talked rather favorably regarding his prospects for the coming season. "I will have a team that can run," Lehr said, and a running team is Lehr's favorite.

Saturday was the second annual homecoming parade staged by Carrier Mills and I am convinced someone in our neighboring town is on the best of terms with the weatherman. A warm sun had many of the spectators that lined the streets in shirt sleeves or light weight jackets. A wonderful day, and in mid-November. Last year's parade was staged under similar conditions.

Major Moon Problems  
Three major problems confronting man before he can fly to the moon or other planets are the danger of the sun's rays, lack of gravity, and the threat of meteors.

## Galatia Bearcats Open Cage Season Friday Night Against Shawneetown

Graduation last spring took five key players from the ranks of Galatia high's basketball club, and it would appear outwardly that this is a rebuilding year at the Bearcat stronghold. But fans who have followed Galatia through the past few seasons aren't writing the 'Cats off without proof.

Despite their loss of such key players as Joe Upchurch, Bob Orto, Sammy Duane, Jack Fowler and Don Hill, and a change in coaching personnel, the Bearcats are giving every indication of being a contender for Greater Egyptian conference honors again this season.

Only one regular—Capt. Glenn Clarida—is back from last year's starting quintet. New coach Sammy Miranda has John Tate, Ronnie Gray, Lawrence Imboden and Larry Manker, reserves who saw some action last season, around which to build his 1954-55 machine.

### Lack Experience

The ten-man squad consists of four seniors, two juniors and four sophomores. Clarida, Imboden, Dave Knight and Kenny Clark are the seniors. Tate and Gray are the juniors.

Realizing that his charges in the main lack experience, Coach Miranda is drilling them soundly in basic fundamentals, hopeful that after a few games improvement in all-

## Carrier Mills Grade School Teams Win Games at Broughton

Holding their opponents scoreless in the final quarter, the Carrier Mills grade school basketball team edged out a 15-14 victory over Broughton Monday. The game was played at Broughton.

Carrier Mills trailed 8-5 at the quarter, 11-9 at half time and 14-14 at the three quarter mark. In the last quarter, Carrier Mills scored four points, held Broughton to zero and won 15-14.

In action for the winners were Noonan, Turner, Randolph, Nolen and Smith, starters, with Reeder and Shaw also getting into play.

In the preliminary game Carrier Mills also won, 25-17. This evening Carrier Mills entertains Raleigh in a Midget conference game. The Monday night victory gave Carrier Mills a league record of three wins and one loss.

## Thompsonville Suffers Second Loss as Woodlawn Wins, 70-57

Thompsonville, defending Little Egyptian conference champs, suffered their second straight league defeat last night, bowing to Woodlawn, 70-57, on the latter's court.

The Tigers failed to get their customary offensive underway until the final quarter when they scored 31 points—more than they poured in the first three periods.

Woodlawn jumped off to a 22-4 advantage in the initial canto and led 35-14 at halftime. They held a doubled count, 52-26, on the Tigers going into the final session.

around team play will be noticeable.

Two factors point to a better than just average season for the Bearcats. One is the general basketball spirit which prevails annually in the community and school, helping to generate a desire to achieve greater things among members of the team. The other is the gains in physical growth made during the past summer by several players.

### Play Shawneetown Friday

Although the towering height of Upchurch and Hill will be missing, this year's guards are bound to be taller, giving the starting quintet about the same height average as last year's.

During the regular 1953-54 season, the team lost three times to Carrier Mills and once each to Eldorado, Benton and Pope Co. and then lost its first game in the district tourney to Shawneetown. The team won the Greater Egyptian conference and the conference tournament.

In opening this Friday night against the veteran Shawneetown crew, the Bearcats will be tangling with the conference's best. A capacity crowd is anticipated.

## Eastern Kentucky, U. of Omaha to Meet In Tangerine Bowl

ORLANDO, Fla. (AP)—The Tangerine Bowl corralled two undefeated teams for the third year in a row today with the acceptance of Eastern Kentucky to meet the University of Omaha New Year's night.

Bowl officials announced Tuesday night that Eastern Kentucky, with a record of eight victories and a tie, had agreed to play in the ninth annual Tangerine Bowl. Omaha, undefeated and untied in nine games, accepted an invitation last Saturday. Both teams have finished their regular season play.

## Eight Cities Possible Sites for Olympic Games in U. S. in 1960

CHICAGO (AP)—Eight members of the U. S. Olympic committee will receive presentations from eight cities today as possible sites for the 1960 Olympic games. Los Angeles, Detroit, Minneapolis, Philadelphia, Chicago and New York were expected to request the summer games and Colorado Springs, Colo., and Lake Placid, N. Y., the winter games.

Secretary Asa S. Busnell said the group meeting today and Wednesday could make only a recommendation to the full committee on the most favorable site.

## Willie Mays Gets \$25,000 Contract

NEW YORK (AP)—Willie Mays' salary was rocketed to \$25,000 today as the New York Giants patterned their young super star's pay increases after the great Joe DiMaggio's.

The 23-year old Mays' new contract duplicated the \$25,000 pact which DiMaggio received from the New York Yankees in his third year and which served as a springboard toward making him the highest paid player in the game. Manager Leo Durocher has said publicly and Giant officials have predicted privately that Wondrous Willie some day will match DiMaggio's \$100,000 pacts.

FORD THUNDERBIRD—the thrilling new personal car that set the style for Ford's '55 lines.

# From the Thunderbird look ...comes Ford's new styling

THE NEW FAIRLANE SEDAN is a truly distinguished car that will be at home everywhere.

And Ford's long, low Thunderbird-inspired lines are complemented by exciting new interior styling—and many rich upholstery materials never before used in an automobile.

In Ford's new Fairlane, Customline, Mainline and Station Wagon Series—you'll see styling that was inspired by the Thunderbird—the distinguished Ford personal car that was received with so much enthusiasm all over the nation. This styling is reflected in Ford's longer, lower silhouette—daring new exterior color treatments—colorful upholstery materials never before found in a car—everywhere you look.

### New Trigger-Torque Power

All three of Ford's new engines are the mightiest ever offered in Ford Cars. All offer split-second Trigger-Torque performance. There's a 162-h.p. Y-block V-8. A still mightier 182-h.p. Y-block Special

V-8 which is offered with Fordomatic Drive in Fairlane and Station Wagon models. And the new 120-h.p. I-block Six.

### Plus all these "worth-more" features

- New Speed-Trigger Fordomatic Drive\* gives quicker starts and passing.
- New Turbo-Action Spark Plugs resist "fouling" up to three times as long.
- New 10% larger brakes mean smoother stops; up to 50% longer brake lining life.
- New Tubeless Tires offer extra puncture and blowout protection.
- New Angle-Poised Ball-Joint Front Suspension makes all riding and handling easier. \*At extra cost.

**NEW BIGGER PLYMOUTH**—Plymouth's completely new 1955 cars are lower, wider and more than 10 inches longer than previous models. With either a PowerFlow Six or Hy-Fire V-8 engine, they are the most powerful cars Plymouth has ever built. They are available with a full range of automatic and power-assist devices, including electric window lifts and power front seat adjustment. Pictured here is the Belvedere 4-door sedan. The new Plymouths are on display today at B. W. Rude Motor Co. and J. F. Harper and Son garage, local dealers.

**New 1955 Plymouths On Display Today; Cars are More Powerful and Bigger**

Plymouth's bigger and more powerful 1955 model cars are on display today at the B. W. Rude Motor Co. and J. F. Harper and Son garage, local dealers.

The 1955 Plymouths are entirely new, both in styling and engineering detail. They are lower, longer and wider than previous Plymouth cars.

They are the most powerful cars Plymouth ever built. The 1955 engines are a 117-horsepower Power-Flow six, a 157-horsepower Hy-Fire V-8 and a 167-horsepower Hy-Fire V-8. The latter engine also is available with a four-barrel carburetor and special manifold which increases its horsepower to 177.

Plymouth offers as optional equipment a full range of automatic and power assist devices. They include Power-Flite fully automatic no clutch transmission, a new design coaxial full-time power steering, power brakes, power-operated front seat adjustments, power-operated window regulators, and adjustable speed electric windshield wipers. Air conditioning by Airtemp also is available as special equipment.

The 1955 line is made up of 12 models, including for the first time four-door versions of the Plymouth Suburban, the all steel body "station wagon" type car which Plymouth pioneered in 1949.

Among the distinctive features of Plymouth's new styling are a low silhouette, slimmness and sleekness of body lines, deeply recessed head lights and tail lights, and an overall appearance of forward motion.

Plymouth four-door sedans are 10.3 inches longer than their predecessors. They are 1.7 inches lower. Front seats are 32 inches wider and rear seats 5.9 inches wider. A new Full-View wrap-around windshield, with swept back corner posts, at top and bottom, has 16 per cent more glass area. It is contoured to eliminate distortion and to give the driver maximum vision at eye level.

The new models have push button door handles. They operate with a new rotary latch which maintains the automatic self-tightening characteristic of Plymouth doors.

The fuel filter pipe has been moved from the rear to the right side of the car, with an attractive hinged door on the right rear panel. The filler pipe occupies unused

space behind the spare tire. The trunk compartment has 33.8 cubic feet of useful space and the trunk compartment lid has an entirely new torsion bar hinge mechanism which provides more head clearance and a more evenly balanced deck lid.

The color styling and fabrics of 1955 models are new. They also are trend-setting, in the confident belief of Plymouth designers who made use of new methods of analyzing color preferences and cycles of color popularity. The 14 new exterior colors in the new models, for example, were chosen in a series of eliminations which started with 90 different colors.

"NEW COATS"

**très continental pastel chinchilla**

Our town-and-tour coat success with echoes of Paris everywhere. In the arresting hipline pockets. In the slimmer neater sleeves. In the collar that stands starkly or lays neat and flat. Here is all that fashion decrees — beautifully flattering in coral, beige or aqua, with a subtly-striped, many-hued taffeta lining. Sizes 8 to 14.
